- Nomex damper with woven tinsel wire and damper ring
- Silvery white ABS grills
- Chrome plated push terminals
- Dimensions:830*385*325/470mm
- Power rating: 600 watts
- Max.power : 1200 watts

CSWB12021:12"(30cm)FLAT-BOTTOM BASS CYLINDER WITH AMPLIFIER

CSWB12021

- 1.High quality 9mm paper construction covered with black carpeting
- 2.Sealed air tight chambers with sigle-channel mosfet bass amplifier
- 3.Black steel basket
- 4.Rubber surround and yellow PP cone by absorption
- 5.High-temp aluminum voice coil
- 6.Single nomex damper
- 7.Dimensions:360*450mm
- 8.Power rating: 150 watts
- 9.Max.power : 300 watts

CSWB10038

**CSWB10038: SINGLE
10"(25cm) SEALED
BASS BOX SYSTEM**

- 1.High quality 18mm MDF construction covered with dark gray carpeting
- 2.Chrome shield steel grills
- 3.Black steel basket
- 4.Foam surround and paper cone
- 5.High-temp aluminum voice coil
- 6.Gold plated push terminals
- 7.Dimensions:490*291*90/160mm
- 8.Power rating: 100 watts
- 9.Max.power : 200 watts

CSWB10034

Single 10" (25cm) Bass Reflex Subwoofer

1. High quality 18mm MDF construction covered with dark grey carpeting
2. Chrome shield steel bar
3. Rectangle venturi potts design
4. Rubber surround and injection PP cone
5. High-temp aluminum voice coil
6. Nomex damper with woven tinsel wire and damper ring
7. Chrome plated push terminals
8. Dimensions: 546*384*159/254 mm
9. Power rating: 150 watts
10. Max power: 300 watts

CSWB12039

CSWB12039: Single 10"(25cm) Bass Reflex Subwoofer

- 1.High quality 15mm MDF construction covered with black carpeting
- 2.Chrome sheild steel bar
- 3.Double stacked magnet
- 4.Rubber surround and injection PP cone
- 5.High-temp aluminum voice coil
- 6.Nomex damper with woven tinsel wire
- 7.Chrome plated push terminals
- 8.Power rating: 250 watts
- 9.Max power: 500 watts
10. Dimensions:485*365*392mm

CSWB12040

CSWB12040: Dual 10"(25cm) Bass Reflex Subwoofer

- 1.High quality 15mm MDF construction covered with black carpeting
- 2.Chrome shield steel pole
- 3.Double stacked magnet
- 4.Rubber surround and injection PP cone
- 5.High-temp aluminum voice coil
- 6.Nomex damper with woven tinsel wire and damper ring
- 7.Chrome plated push terminals
- 8.Power rating: 500 watts
- 9.Max power:1000 watts
- 10.Dimensions:803*370*402mm

CSWB12041: Single 10"(25cm) Bass Reflex Subwoofer

CSWB12041

- 1.High quality 15mm MDF construction covered with black carpeting
- 2.Chrome sheild steel bar
- 3.Double stacked magnet
- 4.Rubber surroun and injection PP cone
- 5.High-temp aluminum voice coil
- 6.Nomex damper with woven tinsel wire and damper ring
- 7.Chrome plated push terminals
- 8.Power rating: 250 watts
- 9.Max power: 500 watts
- 10.Dimensions:465*430*365mm

CSWB12042

CSWB12042: 12"(25cm) Bass Tube

- 1.High quality 9mm paper construction covered with black carpeting
- 2.Sealed air tight chambers
- 3.Black steel basket
- 4.Double stacked magnet
- 5.Rubber surround and injection PP cone
- 6.High-temp aluminum voice coil
- 7.Power rating: 250 watts
- 8.Max power:500 watts
